

How to Get an Affiliate Link

1) What is Affiliate link??

1. Affiliate link is a link which a vendor sends us only when he Accept us as their Affiliate partner.

2) Allow us to promote his product .

2) Where is Affiliate link used??

Jvzoo Affiliate link is used by us in our bonus pages As well as in the Emails which we write while promoting the Software.

If a Customer buys a product from our Affiliate link it is only then we consider it as our Sale.

3) How to get an JVzoo Affiliate link of a Software .????

1. The very first step is we need to visit munch eye and find for the software which we are going to promote.

C) Once you open the JV page of the Software you need to find and click on the button With Message written “Get JVzoo Affiliate Link”.

<https://www.screencast.com/t/Ui7MhFST6zT>

D) After you click on the button you need to send an affiliate request to the vendor .And Click on Request Affiliate Link button.

P.S- The message you will be sending to the vendor will be in this format.

Ex- Hey Prady here,

I would like to Promote “Name of the Software”.Do accept my request.

<https://www.screencast.com/t/YOM1PrLl>

E) The Final Step is to check whether the Vendor have Accepted the Request or not.Once he Accept it

you will get the JVzoo Affiliate link.
